

# SUCCEED®

## Methylated Seed Oil

### MODIFIED VEGETABLE OIL CONCENTRATE

#### PRINCIPAL FUNCTIONING AGENTS

Methylated Seed Oil and	
Alkylarylpoloxyalkane ether .....	100.0%
Total .....	100.0%
Components exempt from tolerance under 40CFR 180	

#### GENERAL INFORMATION

SUCCEED® is a blend of high quality methylated soybean oil and a superior emulsifier that promotes efficient tank mixing with post-emergence herbicides. SUCCEED® is designed to replace non-ionic surfactants and crop oil concentrates in liquid spray mixtures. SUCCEED® is formulated with agriculturally derived soybean oil that improves leaf coverage and absorption under adverse environmental conditions.

#### DIRECTIONS FOR USE

Add SUCCEED® to the spray mixture at the rate of 1 to 2 pints per acre. Use the higher end of the rate on hard-to-control weeds or weeds under stress for optimum effectiveness. Always refer to the pesticide label for recommendations and precautions. Add SUCCEED® last to the tank mixture and provide good agitation.

#### STORAGE AND DISPOSAL

Store in a cool, dry place. Store only in the original container. Do not store near feed or food or near heat or open flame. Storage between 40°F and 120°F is suggested. If stored below 32°F, SUCCEED® may become cloudy. Above 32°F it returns to its normal clear fluid state. Triple rinse container and offer for recycling/reconditioning or dispose of at an approved sanitary landfill. Do not reuse empty container.

#### PRECAUTIONARY STATEMENTS

**CAUTION:** Not intended for human or animal consumption. See First Aid for additional information. Read and follow the label directions of this product and the products applied in combination with this product.

**CAUTION**  
**KEEP OUT OF REACH OF CHILDREN**  
**- STOP -**  
**READ ENTIRE LABEL BEFORE USING**  
**Not intended for human or animal consumption.**

#### FIRST AID

**If swallowed:** Call a poison control center or doctor immediately for treatment advice. Have a person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

**If in eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

**If on skin or clothing:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

**If Inhaled:** Move person to fresh air. If person is not breathing, call 911 or an ambulance then give artificial respiration, preferably by mouth-to-mouth if possible.
